

StonePROOF

1KG - 5KG

RevoPLUS

ENHANCING PROTECTIVE FOR RAW, BRUSHED OR HONED MARBLE, STONE AND GRANITE

Benefits

- Does not yellow over time.
- Does not form a surface film.
- Revives surface color effectively.
- High coverage.
- Provides water-repellent properties.

Note: Suitable for indoor or covered outdoor surfaces.

RevoPLUS

- Slight color-enhancing effect for honed, brushed, and antiqued surfaces.

How to use

- On a clean, dry surface, apply a light, even coat with a cloth. Let it dry.
 - After 5–10 minutes, buff with a clean cloth or single-disc machine (soft pad) to remove excess and aid absorption.
 - Apply a second light coat on absorbent surfaces.
- READY TO USE.

Suitable for

- Raw, brushed, or honed marble, stone, granite, and composites.
- Floors, claddings, tables.

Coverage

12–15 m²/L on absorbent surfaces
20–25 m²/L on low-absorption surfaces

Packaging

1 L bottles (12 pcs) | 5 L cans (4 pcs)

Maintenance

Use neutral, non-aggressive cleaners
